# Public Safety Careers

Find out what Pennsylvania has to offer...

**Park Rangers  
and DCNR Rangers**  
Department of Conservation  
& Natural Resources (DCNR)

In Pennsylvania's network of state parks or forests, Park Rangers and DCNR Rangers perform public safety work vital to the conservation and enjoyment of these natural spaces. Rangers promote recreation in and answer questions about state parks or forests while helping the public understand and comply with rules and regulations. In addition to providing visitor services, DCNR Rangers, like many other public safety officers, enforce state law, investigate crimes and complaints, and issue citations.

**Capitol Police Officers  
and Security Officers**  
Department of General  
Services (DGS)

Capitol police officers and security officers provide services and protection to commonwealth property, facilities, employees and the general public. In addition to patrolling grounds and buildings, these Officers investigate crimes, direct and control traffic and enforce the Commonwealth's Crimes Code and Vehicle Code.

**Wildlife Conservation  
Officers**  
Pennsylvania Game  
Commission (PGC)

Wildlife conservation officers provide a host of services to sportsmen and sportswomen, residents, and visitors to the Commonwealth to manage and conserve our wildlife resources. These officers use their skills and training to enforce the state game law, promote ethical hunting, and inform the public about wildlife conservation, which is an important part of Pennsylvania's cultural heritage.

**Welfare Fraud and  
Claims Investigators**  
Office of Inspector General  
(OIG)

Welfare fraud investigators and claims investigation agents work to prevent or find fraud, waste, and abuse in the Commonwealth's programs, operations, and contracts. The OIG aspires to ensure that tax dollars are being put to good use by government agencies and by recipients of public benefit programs. The OIG relies on

its Welfare Fraud Investigators and Claims Investigation Agents to handle fraud prevention activities and fraud prosecutions and recoveries.

**Waterways Conservation  
Officers**  
Pennsylvania Fish & Boat  
Commission (PFBC)

Waterways conservation officers advance the mission of the PFBC to protect, conserve, and enhance the Commonwealth's aquatic resources. Using skills in fisheries conservation and watercraft safety, these officers enforce fishing, boating, and environmental laws and regulations. With a love for the outdoors, these officers respect Pennsylvania's abundant but fragile natural resources and desire to protect these assets.

**State Parole Agents**  
Pennsylvania Board of  
Probation & Parole (PBPP)

Parole agents with the PBPP work with offenders either prior to release from incarceration or supervise offenders in the community once they have been granted parole. They protect the safety of the public by helping offenders to successfully reintegrate into the community. Institutional parole agents assist offenders prior to a parole interview and with development of a reentry plan. Field agents provide a balance of supervision and enforcement of parole conditions with effective case management. They help the parolee connect to a variety of services to secure the education, counseling, jobs, housing and treatment needs necessary to become fully rehabilitated. Along with being an important part of keeping society safe, you would help offenders learn a better, more productive way of life.

**Pennsylvania  
State Troopers**  
Pennsylvania State Police  
(PSP)

State troopers provide patrol, criminal investigation, staff support and other emergency services as needed. A leader in the field of law enforcement for more than 100 years, PSP uses the latest crime-fighting techniques and traffic safety programs to provide high-quality services to the residents of the Commonwealth. Additionally, Troopers provide for the regulation of traffic, crime scene response and investigation, and maintaining public order and security. Troopers must make responsible decisions

and take the appropriate corrective action and often operate in situations that are stressful or dangerous in nature. PSP also employs liquor enforcement and motor carrier enforcement officers that conduct investigations, perform undercover operations, and inspect liquor establishments and motor carrier enforcement.

**Criminal Justice  
System Planners**  
Pennsylvania Commission  
on Crime & Delinquency  
(PCCD)

Criminal justice system planners with the PCCD coordinate the work of state and local criminal justice agencies to increase communication, effectiveness and efficiency. With the mission to improve the criminal justice system in Pennsylvania, they assist in the development or review of criminal justice system plans, policies and programs, along with conducting studies or background reports on law enforcement, juvenile delinquency, crime prevention, correctional facilities and other system components and issues related to the criminal justice field.

**Corrections Officer  
Trainees and Corrections  
Counselor Trainees**  
Department of Corrections  
(DOC)

Corrections officer trainees and corrections counselor trainees with the Department of Corrections, which continues to be the Commonwealth's fastest growing agency, are charged with the care, custody, and control of the inmate population. Corrections officer trainees use skills in crisis prevention and intervention, law, human behavior and sociology to maintain order. They monitor the movement and activities of inmates, respond to emergency situations and communicate with other officers and inmates to prevent and solve problems. Corrections counselor trainees provide professional counseling and casework services in a State Correctional Institution or Community Corrections Center. They counsel inmates to assist them in adjusting to institutional living by addressing their social, economic and emotional problems.
